

EXHIBITION 4.0

EXPONATEC COLOGNE links the classic core areas of the museum, conservation, restoration and cultural heritage with future-oriented trends and new digital developments. As Europe's leading information and communication platform of the industry, it points the way to the future.

185 COMPANIES
FROM
20 COUNTRIES

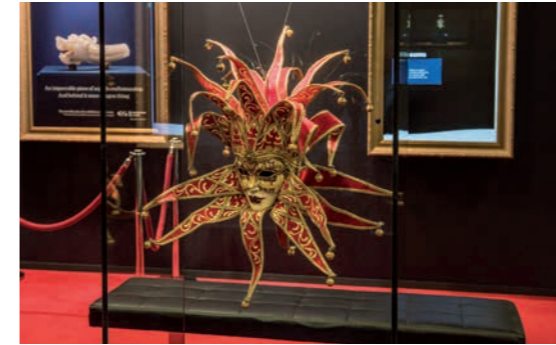

In the trade fair area, institutions and companies from the relevant segments of the culture market present exciting new products, solutions and concepts.

THE EXHIBITORS OF EXPONATEC COLOGNE DELIVER SOLUTIONS AND INFORMATION FOR:

- › New building and restoration of museums
- › Digital inventory of your depot
- › Light in the museum
- › Planning, technology, staging and design of new exhibitions
- › Disaster protection and general safety in the museum
- › New media, for example, virtual & augmented reality for the museum of the 21st century
- › Accessibility in the museum
- › Exhibition design and scenography
- › New techniques and technologies for restoration and conservation
- › Preservation, conveying and maintenance of our cultural heritage, taking future challenges in museum operations into account
- › Museum education

FROM PRACTICE, FOR PRACTICE: THE THEMES

CREATING EXPERIENCES:

- › **Staging via video, interactive media and scenography**

How to create entirely new insights and impressions with virtual reality, 3D stagings, installations and performances.

MAKING THE PAST FUTURE-COMPATIBLE:

- › **Cultural heritage**

Which methods can you use to preserve sensitive cultural heritage?

SECURING WITNESSES TO THE PAST:

- › **Preventive conservation**

Which new solutions can be used to secure heritage buildings and works of art even better for future generations?

SUSTAINED INSPIRATION:

- › **Museum**

How you can plan and design the exhibition successes of tomorrow?

CONGRESS & EVENT

EXPONATEC COLOGNE provides valuable impulses for your work with its successful combination of trade fair and congress. We offer an exciting and informative event programme in cooperation with well-known partners. You can expect a wealth of valuable information, solutions proven in practice, surprising visions and many opportunities for an international exchange of experiences.

You can find the current programme at:
www.exponatec.com/event

PREMIERE 2019

Renowned experts present and discuss best practice examples for current questions at the 1. Deutscher Museumskongress (1st German museum congress).

CICS
Cologne Institute of
Conservation Sciences

Cologne and the Rhineland form a culture region of international ranking. Many museums and prominent galleries attract art enthusiasts from around the world. This is complemented by countless structures, monuments and relics of significance for cultural history extending from the Roman age to the present. Make use of the opportunity to explore the cultural treasures of the region.
